SUMMARY

Second-year Computer Science Engineering student with strong knowledge of full-stack web development (HTML, CSS, JavaScript, PHP, MySQL). Proficient in building dynamic, responsive applications and seeking an internship to apply skills and contribute to innovative projects.

PROJECTS

Pocket Money Manager

March 2025 - April 2025

A full-stack web application developed using HTML, CSS, JavaScript, PHP, and MySQL for efficient personal finance management. Features include secure user authentication, real-time expense tracking, dynamic data visualization using Chart.js, and a responsive UI, providing users with an interactive and seamless experience.

Personal Portfolio Website

April 2025 - Present

Developed a responsive and fully functional personal portfolio website to showcase my projects, skills, and experience. The site features dynamic content loading using PHP, interactive elements with JavaScript, and a clean, modern design using custom CSS. Designed with a focus on user experience and accessibility, the website serves as a central hub for my professional presence online.

SKILLS

Python	HTML	JAVA
MySQL	CSS	PHP

OTHER SKILLS

Team Management	Adaptability	Canva
Analytical Skills	Interpersonal Communication	Figma

EDUCATION

Bachelor of Technology in Computer Science

KJ Somaiya School of Engineering

Present

Class XII CBSE Board

R.N Podar School

2021-2022

IIT Madras

Online Degree Program (Data Science and Application)

Present
